

HARDIN COUNTY SCHOOLS
HELPING CHILDREN SUCCEED

Hardin County Schools Non-Traditional Instructional (NTI) School Day Information Sheet

What is a Non-Traditional Instructional (NTI) School Plan?

This very detailed plan outlines how instruction will be delivered for ALL students during a day when school is not open due to unforeseen circumstances. The plan gives teachers the opportunity to refine their online presence for content delivery and provides hard copy content for those students that may not have access to technology or network resources. The planned result is less loss in instruction time and increased ability to learn new content when school is back in session.

Instructional Delivery Model:

Digital (online) content will be available for students on Non-Traditional Instructional days. (Paper copies will be available for those without home Internet access.)

Preparation:

Teachers are creating instructional choice boards for both digital (online) and paper/pencil lessons.

When:

The plan will be in effect for those regularly scheduled school days that students are out of school due to the Governor's state of emergency declaration.

Content:

Instructions for accessing digital content will be provided by your child's teachers. Hard copy packets may also be made available.

Communications:

A One-Call will be made to all parents, students and staff announcing Non-Traditional Instructional days as well as both district and school media outlets.

Accountability:

Students will be required to complete all tasks assigned daily during Non- Traditional Instructional days. Non-completion of assignments will count against a student's attendance. Packets will be turned in to teachers upon return to school. Extended time and/or other supports will be available for those circumstances whereby the work could not be completed due to extenuating circumstances.

Availability:

Teachers will maintain an online presence (email, Google Classroom, etc.) during the regular school hours. Parents or students can also either email or call the school and leave a message with the school administration.

Contact your child's teacher or principal with any questions.

Other Contacts:

*Greg Sutton, Chief Academic Officer,
