2. Student Achievement:

A. Assessing Student Achievement

- How are we going to measure whether students are performing at grade level?
- How often will it be reported the number of students who are not meeting grade level expectations?
- How are those results being communicated to the appropriate students, parents and staff members?
- What is being done to help the students who are not performing at grade level? And how will the effectiveness of those efforts be tracked?

These are the questions that will be reviewed once we receive our MAP data.
