## SBDM Council Policy

### Policy Number 18.03b

#### **G.C. BURKHEAD ELEMENTARY ELECTRONIC RESOURCES ACCEPTABLE USE POLICY (Condensed Version for Parent Student Handbook)**

##### **Permission/Agreement Form for Students**

A written parental request shall be required prior to the student's being granted independent access to electronic media involving Burkhead/Hardin County technological resources. The required permission/agreement form, which shall specify acceptable uses, rules of on-line behavior, access privileges and penalties for policy/procedural violations, must be signed by the parent or legal guardian. This document will be kept on file as a legal, binding document. In order to modify or rescind the agreement, the parent or legal guardian must provide the school with a written request.

##### **Access Privileges to Electronic Materials**

At G.C. Burkhead Elementary, access to electronic information resources can range from read-only access to instructional software to full search capability of the Internet. For these reasons, GCB maintains the right to limit access to software and /or documents found either on the Hardin County Network or the Internet, via technical or human barriers.

#### **G.C. BURKHEAD ELEMENTARY/HARDIN COUNTY NETWORK (INCLUDING THE INTERNET) TERMS AND CONDITIONS**

##### **Filtering Software**

*Using a filtering software program, all computers are filtered via a proxy server at GCB.* All stations with students, parents/guardians and staff must be aware that no filtering software is one hundred percent in filtering all inappropriate sites. Parents/guardians must realize that with independent Internet usage, their child may access information deemed inappropriate.

##### **Rights, Responsibilities, and Privileges**

This document of the terms and conditions for use of the GCB Network must be signed by all students and adults to get an individual user account. It is designed to enable all users to understand clearly their responsibilities as users of the Internet via the Burkhead/Hardin County Network. If you have questions about these responsibilities, please contact the School Technology Coordinator and/or the Technology Committee.

Violations of the following terms and conditions will result in the immediate loss of network services including, but not limited to the Internet, and could eliminate future access.
