

Around the World Ninja Challenge

- *Students must start at the high end on the side of the horizontal ladder. Hands will be near the blue pole.
- *Students will go sideways down to the lower end, crossover to opposite side & return to high end.
- *This entire rotation counts as one.
- *Students may use small rung to cross over to opposite side.

1 time around is a Ninja Bronze Level!

2 times around is a Ninja Silver Level!

3 times around is a Ninja Gold Level!

4 times around is a Ninja Kong Level!

*Students who earn any of these levels will get their name on a certificate to placed on the wall.
